

To add a multiple choice question with clickable shapes as the possible answers, click on the **Multiple choice question** button from your toolbox:

A sub-menu will appear. Select the **Clickable shapes** option:

A textfield and a rectangle will appear at the top-left of your screen: enter the text of your question in the textfield (**Enter your question text here**). The rectangle is your first possible answer.

You will also see the Question object (select this object every time you want to change any of the question properties):
