

# Adding Videos

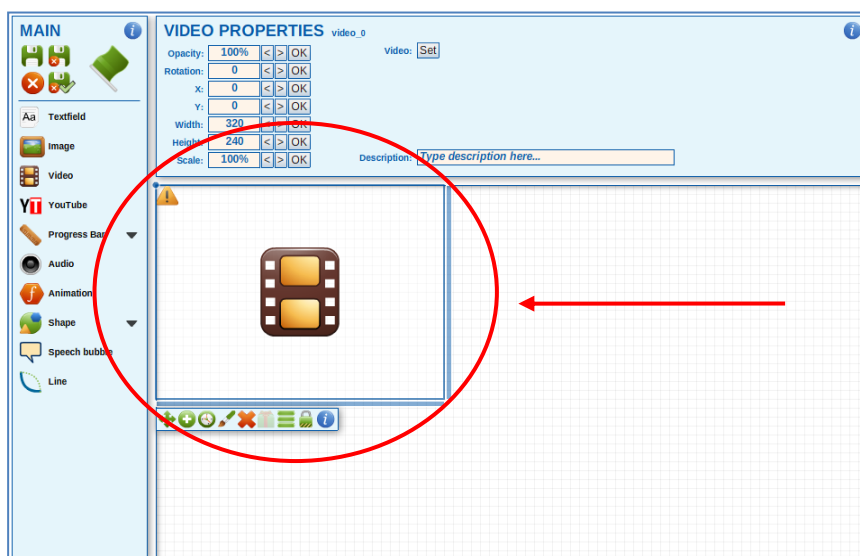

Videos can be a great addition to a learning page as they can sometimes express a concept better than printed words.

To insert a video in to a learning page:

- 1) Click on the **Video** button available in your toolbox:

A video place holder will appear on your screen and the Properties Panel will display the Video Properties:

- 2) In the Properties panel, click on the **Set** button:

**VIDEO PROPERTIES** video\_0

Opacity: 100% < > OK

Rotation: 0 < > OK

X: 0 < > OK

Y: 0 < > OK

Width: 320 < > OK

Height: 240 < > OK

Scale: 100% < > OK

Video: **Set**

Description: Type description here...

You will be taken to the Video Library which will display any videos currently available to your organisation:

**Media Library > Video Library**

Include: ☒ Project Video ☐ Generic Video

Sort By: ☒ Date Uploaded ☐ Description ☐ File Name ☐ Relevance

Search:

1 to 6 item(s) of 6 total Page: 1 Items per page: 20 40 60

Description	File Name	Date Uploaded	Width	Height	Duration	
dedm2v04	dedm2v04.flv	28 July 2011	340px	340px	46 secs	<input type="checkbox"/> Select Video
dedm2v03	dedm2v03.flv	28 July 2011	340px	340px	39 secs	<input type="checkbox"/> Select Video
dedm2v02	dedm2v02.flv	28 July 2011	340px	340px	48 secs	<input type="checkbox"/> Select Video
dedm2v01	dedm2v01.flv	28 July 2011	340px	340px	42 secs	<input type="checkbox"/> Select Video
dedm1v02	dedm1v02.flv	28 July 2011	340px	340px	64 secs	<input type="checkbox"/> Select Video
dedm1v01	dedm1v01.flv	28 July 2011	340px	340px	83 secs	<input type="checkbox"/> Select Video

1 to 6 item(s) of 6 total Page: 1 Items per page: 20 40 60

**Note:** the Video Library does not contain any generic videos so you will only see videos that have been uploaded by your organisation.

- 3) Place a tick in the **Select Video** box available to the right of the video you want to use and it will appear immediately in your learning screen:

**VIDEO PROPERTIES** video\_0

Opacity: 100% < > OK

Rotation: 0 < > OK

X: 11 < > OK

Y: 10 < > OK

Width: 340 < > OK

Height: 340 < > OK

Scale: 100% < > OK

Video: **Set**

Controls timeline:

Make volume follow visibility of video:

Video duration: 00:39 (39.36 sec.)

Description: Type description here...
